1912

CITY OF LEWISTON

In Board of Mayor and Aldermen, March 18, 1912.

ORDERED, The Common Council concurring. That the Committee on Printing be and is hereby authorized to have printed one thousand copies of this year's annual reports of the receipts and expenditures of the last year and included such other reports and public documents as in its judgment it may deem proper, expense of same to be charged to appropriation for printing when made.

Read, passed and sent down.

CHAS. P. LEMAIRE, City Clerk.

In Common Council, March 18, 1912.

Read twice under suspension of the rules, and passed in concurrence.

WILLIAM E. CONNORS, Clerk.

MAYOR'S ADDRESS

Gentlemen of the City Council:

Having taken the oath of office you and I are now the duly qualified and legally constituted representatives of the City of Lewiston for the next municipal year. For the sixth consecutive year this administration finds itself returned to power with by far the largest vote and largest majority ever given a mayoralty candidate in this City. The reason of this overwhelming majority is attributed to two causes. First to the satisfaction of the citizens of Lewiston with the administration, and second to their disgust at the action of certain of the local clergy in interfering in matters political.

The conscientious pastor in the faithful discharge of his duty is a tower of strength, and his utterances have great weight when associated with the duties of his high calling, but when for pure politics he so far forgets himself and his calling as to enter into the heat of a political campaign, then the respect that is due his calling is simply brushed aside and his words will and ought to have no greater effect than those of the ordinary layman. A Republicain politician, who is reported to be seeking office, attended a meeting of the Pastors' Union of these cities during the winter and at his sollicitation they agreed to preach a sermon on the last Sunday of February dealing with the question of enforcement of the prohibitory law and attendant evils in this county. I will not insult their intelligence by saying they did not know or comprehend the political motive of the man who requested them to do this; of course they knew the purpose, the motive, and lent only too ready an ear because of their own political affiliations. Not all of the Pastors' Union would tolerate this procedure, some declined to preach a sermon along those lines at that time, and still another clergyman, who by his Christian character, ability and exemplary manner of living has endeared himself to the people of all denominations and religious faiths in these two cities, chose for his subject "The Minister." Evidently he saw through the political game. And with the courage of his splendid manhood pointed out in his sermon the duties of the minister in the following paragraph which the remaining members of the Pastors' Union who preached on that day will do well to read and to profit thereby.

He said, "As a citizen the minister by voice and by vote should promote the civic righteousness of a city, but in my judgment the minister is not a detective or a policeman. He is not a cat's paw for the chestnuts of any politician or party. The minister has better and higher things to do than all this. He is, to be sure, in his own realm a leader, but he is not a political reformer. It is a mistake to expect him to be. And he will do more for the civic betterment of his community if he is left to work in his own realm."

Statements as to the conditions in the City were grossly exaggerated and overdrawn. The only effect would be that people outside of the City from reading those sermons would obtain unfavorable impressions of Lewiston, but the people of our City, honest, industrious, intelligent, knowing the actual conditions, administered such a rebuke that I trust it will be years hence before any more chestnuts are again attempted to be pulled out of the fire for the benefit of certain politicians, and they are again made cat's paws of to their humiliation and discomfiture.

An increase in our State and County tax of more than thirty thousand dollars compelled an increase in our tax rate from 17½ to 18 4-10 mills. To hold our tax rate at that figure the utmost care had to be observed. In addition to this, no appropriation was made for the small pox epidemic which visited us; none for the splendid new auto chemical truck; none for the cutting and harvesting of the ice for the municipal ice plant, or for the school house extension at Barkerville, which had to be built to accommodate the school children at Barkerville.

Besides this the City received no profit from its liquor agency, because it was abolished, while the year before it received $8,903.65 profit. Much permanent work has been accomplished, in our streets, water and electric light departments and all will be dealt with in detail. Our City Government of last year worked together in harmony. The Committees were attentive to details.

I will now go over the different Departments, point out what has been accomplished, place before you the financial condition of the City so that you may have in mind to what limit we can safely go with our expenditures, and ask you to provide later on for so much permanent work as is consistent with good judgment having

in view the needs of the City, and its probable large increase in population in the immediate future.

FINANCES

Our competent Auditor has advertized for bills against the City each month and all after proper examination have been promptly paid. With all bills audited during the fiscal year substantially paid, (three or four hundred dollars in bills waiting for adjustment) Lewiston had in cash in her Treasury on the first day of March, 1912, $39,434.69.

I now submit the report of the Treasurer for the year just closed showing our financial condition which is sound.

LIABILITIES. MARCH 1st. 1912.

5% bonds due in 1897 not presented	$500.00	
4% bonds due in 1913 (Railroad bonds, refunded)	100,000.00	
5% bonds due in 1917 (Water bonds)	200,000.00

	$244,842.20

HIGHWAYS

The Board of Public Works has maintained its record for a large amount of permanent work on our streets and plan to make every year as much addition to the permanent work as it is possible to do from the money available for that purpose. There is and has been no division in the Board, but a strong purpose exists on their part to beautify the City and make its streets pleasant to look upon and easy to be kept clean. The Street Commissioner has been very active in the discharge of his duties and has looked into every detail to see that nothing escapes his attention. I now submit a statement as to what has been accomplished in the line of permanent work in this Department.

A.—Sewers and Catch Basins.

100 feet of 10 inch pipe on Oak Street
200 feet of 10 inch pipe on Sabattus Street
450 feet of 10 inch pipe on Russell Street
44 feet of 10 inch pipe on Sylvan Avenue, making a total of 794 feet. There have been five catch basins installed.

B.—There have been 10,114 square yards of bituminous macadam paving laid during the past year as follows:

4470 square yards on Main Street (State Road)
3396 square yards on Pine Street
1555 square yards on Middle Street
693 square yards on Lisbon Street.

Besides this amount on permanent streets, Park Street Alley, extending from the Journal Building back of the stores on Lisbon Street to Ash Street, has been laid with tar concrete and is a fine permanent Alley. There were 1,281 square yards of permanent work on this alley.

C.—Permanent Walks.

An unusually large amount of permanent walks have been laid this year, the total being 3,657 square yards and distributed as follows: There have been 1,435 feet of cement walk of the average width of nine feet.

214 feet on Frye Street
200 feet on Main Street
372 feet on Park Street
213 feet on Pine Street
210 feet on Lisbon Street
226 feet on Maple Street

There have 627 feet of brick walk laid as follows:

292 on White Street
335 on Cedar Street

There have been 1,595 feet of tar concrete walk laid as follows:

520 feet, eight feet wide on Main Street
200 feet, seven feet wide on Middle Street
175 feet, ten feet wide on Main Street
350 feet, six feet wide on Sabattus Street
50 feet, six feet wide on Shawmut Street
50 feet, six feet wide on Nichols Street
250 feet, four feet wide on Wakefield Street

Ten fine concrete crossings have been laid this year as follows:

One corner of Park and Pine Streets
One corner Chestnut and Lisbon Streets
One on Pine Street
One on Ash Street
One on Lisbon Street (Music Hall)
One corner of Lisbon and Main Streets
One on Riverside Street
One on Main Street (Empire Theatre)
One on Lincoln Street
One on Sabattus Street.

There has been 1,000 feet of new curbing set and 2,200 of old curbing reset.

A large amount of work has been done in this Department and ditributed through the different parts of the City as well as could be, to give all sections the benefits of the improvements and it is proposed during the coming year to lay more out upon the streets and walks than ever before in the history of the City.

WATER BOARD

This Board has in charge an important Department of the City, and it requires good judgment on the part of the members to successfully operate it. The Superintendent has much to care for and many details to look after. New construction this year has been as follows:

Riverside Street 300 feet of 6 inch pipe
Birch Street 275 feet of 6 inch pipe
Montello Street 1,000 feet of 2 inch and 1½ inch pipe
Horton Street 1,200 feet of 6 inch pipe
Howe Street 385 feet of 6 inch pipe.

This year the Board repaired the wall of the house at the reservoir and put in a fine concrete foundation where it was giving away, also made other repairs. They have improved the efficiency of their Department with the purchase of a Buckeye Heater and $500.00 worth of meters. This Department has made a net gain for the year of $9,421.68. And besides this amount it has supplied for schools, hydrants and charitable institutions for which there is no charge, an amount of water approximately of the value of $10,000. This is an efficient Department of the City and is well managed by the officers in the different positions of the Department.

FIRE DEPARTMENT

The Board of Fire Commissioners have given more than their usual careful attention to this Department during this year. An auto-chemical truck has been added to this Department at a cost of $5,000.00. I consider it the most valuable piece of apparatus that the Department owns in this City. The rapidity with which it reaches fires makes it of great value. It has been tested for six months and has proven its worth. It gives an added protection to those who live at a distance from the Fire Station over what they previously enjoyed. This Department during last year responded to 280 alarms as follows:

Box alarms	64
Telephone calls	200
Chief's calls	11
Still alarms	5

The total value of property involved in fire this year $904,900.00
Total insurance 603,050.00
Total loss, 53,687.62
The total loss last year was $75,830.92 and
The total loss the year before was 164,108.72

It is very gratifying to know the smallness of the fire loss in the City this year which speaks very well for the management of the fires.

In connection with this Department is the report of the Acting Superintendent of Fire Alarms which is in-

teresting. This year the Commissioners deemed it advisable to remove the fire alarm wires and other alarm wires from the housetops and attach them to poles and the work has been carried forward at quite an expense. In the Fire Department and Police Department over four miles of new wire has been strung, and over six miles in the Electric Light Department making new wire installed by the City this year to be ten miles, which puts the three systems in very good shape. Besides removing the wires from the housetops and putting them on poles, much work has been done by the Acting Superintendent upon the apparatus belonging to the Fire Department and he has reported that it is now in excellent condition.

PUBLIC LIBRARY

A perusal of the report of the Librarian of the Carnegie Library shows many interesting things. While for two years previously the amount of books taken out were decreasing in number each year, this year there has been an increase of 1,331 volumes, taken from the Library by the reading public.

The adult circulation	45,032
The juvenile circulation	12,173

The per cent. of juvenile circulation 79 1-10 which is less than the year before.

1, 231 volumes have been acquired by purchase for the Library during the past year and many more have been received by way of gifts. The amount of books actually in the Library is estimated at 17,891.

Dr. Merton O. Edwards, one of the Trustees of the Library, died during the past year, his being the first death to occur among the Board of Trustees since the Library was opened to the public.

CITY PARK

It is certainly a pleasure to everyone to notice how much our beautiful park is appreciated. In the Summer season hundreds and sometimes thousands are to be seen in the latter part of the afternoon enjoying the walks in the Park and the flower beds, and in the evening the colored lights on different parts of the Park and the flaming arc lights that light up so brilliantly. I recommend that during the present year we make flower beds

in at least two other triangular sections of the Park. Undoubtedly new seats will added, as we find that more seats are needed. Every year we should do all that the City can afford to make it a place in the City that will afford a place for recreation, at least during the hot days of summer, for the citizens of our community.

ELECTRIC LIGHTS

The Superintendent of this Department is tireless in his efforts to improve the condition of our lights and during the past year in that Department the following permanent improvements have been made:

6 miles of new line wire have been strung
250 cross arms have been put in place
10 poles set
90 goose neck lights installed
24 open arc lights installed
2 flaming arc lights installed
3 sixty light transformers installed

In addition to this a new water wheel has been installed. With the increased demand for lights, something had to be done. The water wheel was one that had been in use for twenty years and the horse-power was not sufficient to carry the load, and accordingly, after deliberation, the City Government ordered a new wheel purchased and installed. We have now a wheel that will give us 348 horse-power and it will be possible to give almost double the number of lights in the City. The electric lighting machines are carrying almost their full capacity of the load and it will be necessary to install a new machine which will afford a larger number of lights to the City. We have been hiring for years a man to tend the gasoline lights. They were reduced to thirteen in number and during the year the wires have been strung and lights installed so that the services of a man in this Department can be dispensed with.

LIQUOR AGENCY

By act of the Legislature the state liquor agency was abolished, and it practically abolished local liquor agencies because there was no place where liquor could be bought legally except from the state agency, although in terms the local agencies of the state were not abol-

ished. The net proceeds from the agency was $8,903.65 in 1910 so that the City was deprived of the revenue this last year which it had formerly enjoyed.

POOR DEPARTMENT

I wish again this year to take up somewhat in detail the Poor Department and matters connected with it. The amount paid this year for the support of the poor has been less than the year before. There has been much sickness in the City from different causes and in many cases where people were quarantined on account of having the small pox, they had to receive assistance after the quarantine was lifted before they could resume their labor and receive their pay, and many families thus assisted would not be required to receive assistance under ordinary circumstances. The expenses of this Department are $2,152.55 less than the year before. The amount paid out is divided as follows:

Amount paid for support of poor (not those on the Farm,	$13,606.73
Amount paid for care of those on the City Farm	10,994.99
Amount paid for board and maintenance of soldiers	1,262.00
Amount paid for board of children	2,363.85
Amount paid for patients at Hospital	683.40
	$28,910.97

The children are not sent to the Poor Farm, but are cared for in the Asylums and Orphanages. It is better by far that this should be done. The atmosphere is better for them and it goes a long way towards giving the early training which will later on develop the boys and girls into good citizenship.

The Overseer of the Poor, Mr. Cronin, has investigated carefully and finds that no city or town in the state boards so many children outside the City Farm as does Lewiston. Our Overseer is working for the interests of the City on all occasions and is very prompt in enforcing the demands against the State for the state paupers. His large experience in matters of this kind has made him particularly efficient.

CITY FARM

This Department of the City is also well managed. Mr. and Mrs. Labranche seem to be especially adapted

for this work. The buildings are patterns of neatness and the poor are kindly and carefully cared for. From city produce sold, Mr. Labranche has turned into the Treasury this year $1,248.84, and a perusal of his report shows that a large quantity of vegetables have been marketed. His ice has been harvested from the City's fields and with the teams and help from the Poor Farm, placed in the ice house at the Farm. There are at present seventy-fie inmates at the Farm. Three acres of land has been cleared and a cellar dug under the old house.

COLLECTOR OF TAXES

The Tax Collector submits his report as follows:

For the year 1910 the balance uncollected March 1912	$4,257.74
For the year 1911, the commitment	320,885.14
Supplementary Tax	269.47
Interest	415.80
Total	$321,570.41
The amount paid to the Treasurer	$305,316.58
Discount on taxes	4,994.65
Tax Deeds	1,249.77
Abatements	1,506.92
Cash on hand	137.48
Balance uncollected	8,365.01
	$321,570.41

The result shows a small amount remaining uncollected.

SCHOOLS

Under the able management of the Superintendent the schools of our City make good report. The enrollment shows a material increase in the day and evening schools.

The whole number of pupils registered during the Fall Term of the present school year was:

City Schools	2,182	
Number in Rural Schools	310	
		2,492

The whole number attending the parochial schools is about 2,300

The last school census showed there were 8,717 persons of school age in Lewiston.

The evening schools shows the number of pupils registered to be

Lincoln Street School	295	
Bates Street School	217	
		512

The importance of the evening school to the city is hard to estimate. Those who in earlier years have been unable to obtain an education attend those schools for the purpose of work and study, not indifference or play. This year Manual Training, including Mechanical and Freehand Drawing, was introduced. All supplies necessary were furnished by the City. Many availed themselves of this opportunity and thus secured free the instruction that would cost them $40.00 or $50.00 in a correspondence school. All possible encouragement should be given the evening schools. They should be made as attractive and beneficial as possible.

BOARD OF HEALTH

During the past year the Board of Health has had a large amount of work to attend to. Besides ordinary matters of the Board and the ordinary cases which render an appropriation of $2,500 amply sufficient to take care of all matters, we were visited by an epidemic of small pox that was severe and wide-spreading. The Board of Health set about to promptly meet the conditions, numbering as they do among the personnel, two physicians of high standing in the community, and they early adopted the policy of vaccination as a more successful method of treating than the quarantine, although they observed as best they could the quarantine regulations. There have been 153 different houses in this City that have been quarantined for small pox. There have been over 500 cases of small pox in the City. There have been vaccinated by the City authorities and for which the City has paid 2,941 persons, and the estimated vaccination that has been made in the City and for which the City has not paid is 1,500, making a total of 4,441 persons who have been successfully vaccinated. That in itself is a great asset to the community. It practically insures us against another epidemic similar to the one which has just visited us this winter. There has not been a single death in the City due to small pox. The disease has been very light and there are but 11 cases now. This has made an unusually

large expense, being $4,509.38 for this Department. The members of the Board of Health have been called upon to the neglect of their own business in meeting this crisis.

INSPECTOR OF WIRES

Mr. Levasseur presents an interesting report. He has inspected 237 buildings and made careful tabulation as to the number of candle power lamps and motors installed. He says there have been no fires caused by defective wiring during the year. He has attended promptly to his duties and done his work efficiently.

MUNICIPAL ICE

The history of the effort of the City to obtain ice for the use of its citizens is too well known to require much explanation. After an unsuccessful attempt in the Legislature of 1909 the City finally obtained from the Legislature of 1911 the right to cut ice for the use of its citizens. The corporations interested in thwarting this effort of the City to obtain ice brought a bill in equity to test the right of the State to grant the City the right to cut and harvest ice. This case will be argued at the June Law Court. The City has harvested over 5,500 tons of ice and will promptly proceed to make its plans for distribution. The outlay for tools, machinery and a large amount of lumber and harvesting the ice, all of which is paid for is $2,717.19.

POLICE MATRON

The Police Matron is a necessary adjunct of the Poor Department. During the year last passed the Police Matron has made more than 500 calls in the discharge of her duties. Three children have been adopted, a runaway girl has been sent back to her home and she has distributed much in clothing and other necessities to the poor of the City. She makes a recommendation of a ward at the Ctiy Farm where persons who will not be received at Hospitals can be cared for. It is a recommendation that should deserve your careful consideration, as I believe there is much merit in it. One has very little idea of the magnitude of her work until they visit the rooms in the City Building that she occupies and see the supply of

goods on hand for the relief of the needy. Our Police Matron gives her best time and attention to the work and is certainly successful in the discharge of her duties.

POLICE DEPARTMENT

The Police Department consists of twenty-eight men, the marshal, deputy marshal, captain of night watch, acting inspector, and twenty-four patrolmen. There have been 1,975 arrests this year and of the more serious crimes, 132 for breaking and entering, and the rest for what are classed as minor matters. It is a remarkable thing that in a city composed of twelve or fourteen nationalities there has not been a murder within the limits of the city for more than twenty years. The poice have found 264 stores that have been left open,—

Discovered 13 fires,
Rung in 14 fire alarms,
Called for patrol wagon 694 times,
Cared for 94 stray children,
Cared for 64 stray teams,
Found 55 dangerous places in the streets,
Served 173 notices, and
Suppressed 133 disturbances.

There were 768 lodgers during the year at the station. There is about a certain per cent. of the criminal element in every city. It is just as certain to be reckoned with as that you will find schools and churches. It has to be cared for and controlled as best it can.

And now, gentlemen, we are about to begin a new administration in the City. Much permanent work should be accomplished. Every effort should be put forth to make the administration a success of which you are now a part. Much will depend upon you to bring about the best results for the City. The tax rate in our City on a low valuation is by far the lowest of any City in the State. There is no reason, unless some unforeseen accident occurs, why our tax rate on the same valuation as last year should not be 17½ mills for the coming year. We should make at that tax rate more permanent improvements than ever before in any one year and have at the end of the year a snug sum for the reduction of the city debt. Let every man do his duty. See to it that the City has a fair equivalent for every dollar paid out. A large amount of building has been done during the past year,

and it is confidently expected that much building will be added to the City in the next year. The time has now arrived when a new mill and factory will be built employing more than three thousand hands. Dwellings will spring up as by magic during the coming year to provide homes for the increased citizenship. The manufacturers and the business men, all citizens are eagerly awaiting the developments of the City. There is no room in the City for the whining drone, the carping critic, the intolerant bigot, or the know-it-all-do-nothing.

The future of Lewiston seems very bright. In the City Government our plans must be made in accordance with the growth of the City.

With confidence in this City Government and its desire to do all that in its power lies for the advancement of the City and its betterment, I now invite you to join me in the rooms of the City Government where the duty of selecting officers for important positions now awaits us.

Respectfully yours,

FRANK A. MOREY, Mayor.

Lewiston, Maine, March 14, 1912.

To the Honorable Mayor and Board of Aldermen,

Gentlemen:—I submit my report for the 12 months ending April 1st 1912 as Inspector of Buildings.

Respectfully Yours,

A. O. WIGHT.

REPORT OF INSPECTOR OF BUILDINGS

F. G. Dans, block Lincoln Street.
Maine Supply Co., building Lisbon Street.
Sisters of Dominic Home, corner Bates and Birch Streets.
Bates College, Science Hall.
John Morency, cottage, Howe Street.
Perley H. Howard, house, 53 Warren Avenue.
Mrs. P. Parent, cottage, West Rose Hill.
J. F. Mullaney, two tenement house, 195 Pine Street.

WILLIAM E. CONNORS, Clerk.

REPORT OF THE INSPECTOR OF WIRES

Lewiston, Me., Feb. 28th 1912

To the Honorable Board of Mayor and Aldermen of the City of Lewiston

Gentlemen:—In accordance with the requirements of the City Ordinances, I will present my report for the year ending Feb. 8th, 1912. The number of buildings inspected during the year for lights and power, is 237, the number of 16 candle power lamps, is 2974, the number of motors installed, is 75, the total horse power of motors installed is 342, the number of fans installed, is 31, the number of flat irons, is 62, the number of arc-lamps is 9, that makes a total output of 2387 Amperes, for the Electric lights so to furnish the City.

There have been no fires, caused by defective wiring during the year. I inspected different places, that were called to my attention,and made recommendations towards them, they were all very prompt in making it O. K. It shows that the citizens are doing their very best to keep their wires in a good safe condition.

During the year, many improvements have been made in the methods of inside as well as outside wiring. The outside construction has been much bettered in the past year, and the City would compare favorably in this respect with any City, and in most cases much better than any City in the State, and it seems to be the disposition of the Companies to maintain a very high standard of work as a large amount of money has been expended, during the last year by the Companies, also the City, in making such changes and improvements.

Respectfully submitted,
LOUIS L. LEVASSEUR,
Inspector of Wires for said City of Lewiston.

Report read, accepted and ordered placed on file.
In Board of Mayor and Aldermen, March 18, 1912.
CHARLES P. LEMAIRE, CityClerk.

Read twice under suspension of the rules, and passed in concurrence.
WILLIAM E. CONNORS, Clerk.

REPORT OF THE SUPERINTENDENT OF CITY FARM

Lewiston, Maine, March 6, 1912

To the Honorable Mayor and Board of Overseers,

Gentlemen:—I herewith respectfully submit the following report of the City Farm and Alms House for the year ending March 5, 1912.

The crops have been fair this year, and I have been able to turn to the City Treasurer the sum of $1,248.84 for produce sold. We had 90 tons of hay, 5 tons of Hungarian, 80 bu. of oats, 300 bu. of potatoes, 90 bu. of turnips, 75 bu. of beets, 85 bu. of carrots, 12,000 heads of cabbage, 40 bu. of green peas, 12 bu. of onions, 30 bu. of tomatoes, 14 bu. of pole beans, 400 heads of lettuce, 300 bunches of radishes, 2 tons of squash, 5 tons of pumpkins, 2,000 cucumbers, 130 tons of ensilage corn, 350 ears of sweet corn, 4 tons of straw, 75 bbl of apples. During the year we have bought one new beach wagon, 1 pair of horses, 3 washing machines. We dug a new cellar under the old house. We also cleared 3 acres of new land. The ice house has been filled with 5 tons of nice ice without any expense to the city. The health of the inmates has been very good this year, there is now 75 inmates at the Farm.

In conclusion I wish to thank Mayor Morey and the Board of Aldermen, and Overseers of the Poor for their kindness and advice during the year, and to P. J. Cronin, their clerk with whom it has been a pleasure to co-operate to look after the poor. Dr. Ducharme, the City Physician, the Police Department with whom I have come in contact in doing my work, and also Mrs. Tracy, the Police Matron who has been so kind to the Poor.

Respectfully submitted,
CYRILLE LABRANCHE,
Supt. City Farm, Lewiston, Me.

In Board of Mayor and Aldermen, March 18, 1912. Report read, accepted and ordered placed on file.

CHARLES P. LEMAIRE, CityClerk.

Read twice under suspension of the rules, and passed in concurrence.

WILLIAM E. CONNORS, Clerk.

REPORT OF OVERSEER OF THE POOR

To the Honorable Mayor and City Council,

Lewiston, Maine, March 1st, 1912.

Gentlemen:—With the close of the municipal year I present the annual report of the Poor Department of the City, ending February 28th, 1912.

Herein may be found a statement of receipts and expenditures of this department, cost of supporting children at the Healy Asylum, and Hospital Annex, and in private families, board of old soldiers, cost of maintaining the poor outside of the Alms House, also cost of maintaining the City Farm. The receipts will show amount collected from other cities and towns for support furnished by this department to individuals and families who belong to other towns in the state, and from State Treasurer for the support of State Paupers and for receipts from City Farm.

There has been a large amount of sickness in many parts of the city during the past year from many causes, I find that in a great many cases of families where they have had small pox that after the quarantine had been removed that conditions were such as made it imperative that they apply for such aid as could be furnished by this department and in consequence of this we have been obliged to assist a number of families who under ordinary conditions would not have found it necessary to apply for public aid, notwithstanding these conditions the expense for the past year of this department will be $2,152.55 less than one year ago.

The entire cost of the department for the year is

		$28,910 97
Appropriation	$22,000 00	
Receipts from cities, towns, etc.	646 78	
Receipts from state for aid furnished State Paupers	2,522 17	
Receipts from City Farm	1,248 84	
Transfers	2,493 18	
Expenditures		$28,910 97

The expenditures are classed as follows:

Outside Poor (not on farm)	$13,606 73
City Farm	10,994 99
Board and maintenance of soldiers	1,262 00

Board of Children	2,363 85	
Patients at Hospital	683 40	
		$28,910 97

The difficult and delicate duties of this office, (hard and perplexing as it is) I have tried to perform in such a manner as to protect the interest of the city, and at the same time to render such aid to the poor that no reasonable person could complain that I had dealt harshly or unjustly with them, I may have made some errors in judgment in dealing with the hundreds who have sought aid of this department, but have endeavored to do my duty and if to err at all to do so on the side of humanity.

I have investigated every case of applicants for aid some times requiring time and expense in order to place the legal Pauper Settlement of the parties receiving aid, this I have been able to do in nearly all cases and have collected from other cities and towns for the year just ending $646.78,and from State Treasurer for aid furnished State Paupers the sum of $2,522.17. In order to place the burden of State Paupers support on the State requires the proof of their non-settlement and sworn affidavits presented to the Governor and Council, this I have been able to do in nearly all cases, and presented to the Governor and Council who after due consideration have allowed the same and paid to this department during the year as above stated ($2,522.17).

I may state that while I have been in this office as Clerk of the Overseers of the Poor, I have collected from the State Treasurer, for aid furnished State Paupers, the sum of $12,887.29.

During the year I have sent to other states and to Canada 87 persons involving an expense of $167.90, many of this class having no settlement in the state. I found on investigating the conditions of many of these cases that the prospect of self support was such as to warrant an expenditure of a large amount if necessary to rid the city of their future support.

It has been so well demonstrated that the City Farm is not the proper place for children that the Overseers of the Poor within the past few years have been providing homes and paying board for such children as may from time to time come under their care, either from loss of parent or parents to properly provide for them. Some of them being provided with permanent homes or being

boarded at the Healy Asylum and the Hospital Annex, and in private families. Many take advantage of this plan and have their children cared for at the City expense, when if they were to be sent to the City Farm they would make some effort for their support, and therefore lessen the burden of their support for the city. After a careful investigation I find that no city or town in the state is boarding as many children outside the City Farm as Lewiston, I also find that many cases where we are called upon to take the children is caused by intemperate parent or parents, and in many cases desertion, the children must be cared for but I would recommend that a more stringent rule be adopted by the Board so as to aid only those that are most worthy.

The care and protection of our people at the City Farm, is a matter in which all our good citizens are interested, and it is with great satisfaction that I announce that in no instance have I known of any ill treatment to any of our people there; cleanliness, order and harmony prevail, and a general homelike appearance has been manifested throughout the year.

The Superintendent, and his wife Mr. and Mrs. Cyrille Labranche are peculiarly adapted to the place they occupy; their quiet and humane treatment of the inmates has won for them the respect of all, the house and the inmates have been kept in an orderly condition. I have visited the place many times during the past year and unexpectedly too, but always found the same clean and orderly conditions to exist. Mr. Labranche has consulted this office at all times when occasion required and our relations have always been the most pleasant and everything has worked in harmony for the best interest of the taxpayers of our City.

To Mr. and Mrs. Labranche I wish to extend my thanks for the able manner in which they have managed the affairs at the Farm.

The calls for medical treatment during the past year have been many and Dr. L. P. Ducharme has been prompt to aid the sick at all times and many thanks are hereby tendered to him for the efficient manner in which he has performed his duties as City Physician.

I have but the highest commendations for the efficient services of the Police Matron, Mrs. Catherine V. Tracy. I believe few people realize the benefits derived from her work, both to the city and the suffering humani-

ty. Her experience gained in the last five years of continuous service has made her an especially valuable aid to this department. During the time she has held the position as Police Matron I have found her a most faithful and hard working assistant ever ready to perform all duties in such a manner as to indicate that her heart is in her work. I wish to extend to her the thanks of this board for the valuable services rendered.

In conclusion permit me to express to Mayor Morey and theBoard of Overseers of the Poor, appreciation and thanks for the many courtesies and hearty co-operation received during my term of office, and to City Solicitor Fortunat Belleau for his counsel and advice on matters of importance and also to City Marshal Cailler, and Deputy Marshal Pitman.

Respectfully submitted,

P. J. CRONIN,

Overseer of the Poor, City of Lewiston.

In Board of Mayor and Aldermen, March 18, 1912. Report read, accepted and ordered placed on file.

CHARLES P. LEMAIRE, CityClerk.

Read twice under suspension of the rules, and passed in concurrence.

WILLIAM E. CONNORS, Clerk.

REPORT OF POLICE DEPARTMENT

Lewiston, Maine, March 1, 1912.

To the Honorable Mayor and Board of Aldermen,

As required by the Ordinances of the City of Lewiston, I submit herewith my report of the business of the Lewiston Police Department for the year ending February 29, 1912.

Total number of arrests	1,975
For intoxication	1,765
Assault and battery	32
Larceny	41
Disturbance	3
Suspicion	6
Fornication	5
Vagrancy	21
On warrants	37
Safe keeping	26
Breaking and entering	13
Run away from home	2
Nuisance	3
Search and seizure	9
Indecent exposure	1
Gambling	1
Rioting	7
Evading fare	1
For out of town officer	1
Rape	1

These cases were disposed of as follows:

Bound over	34
Out of town officers	11
Appealed	37
Discharged by order of Court	23
Released	406
Nol prossed	6
Committed to jail	986
Mittimus withheld	132
Paid costs of court	61
Paid fine and costs	216
Placed on probation	47
Died in city prison	1
Not prosecuted	1
Continued	1

Sentence suspended	2
Sent to reform school	1
Sent to the hospital	2
Sent to City Farm	2
Defaulted bail	1
Sent to Insane Hospital	1
Runaway turned over to out of town officer	2

The miscellaneous business of the department was as follows:

Stores and other buildings found open	264
Fires discovered	34
Fire alarm rung in	14
Number of calls for Patrol wagon	694
Strayed children cared for	94
Strayed teams cared for	64
Value of stolen property recovered	$1,512.50
Dangerous places found in street	55
Notices served	173
Electric lights reported out	17
Intoxicated persons sent home	412
Disturbances suppressed	133
Total number of lodgers during the year	768

Divided by nationality as follows: American, 659; English, 14; Canadian, 43; Irish, 24; Polish, 5; Germans, 5; Greeks, 1; Hebrew, 2; Swedes, 4; Scotch, 11; Portugese, 1; Italian, 1; Filipino, 1; Hollander, 1.

During the past year the Department has consisted of twenty-eight men, Marshal Cailler, Deputy Marshal Pitman, Captain Walsh. At the beginning of the year Officer Lamontagne was detailed as Inspector, there remaining twenty-four patrolmen. Only one patrolman goes out this year, James Gauthier.

The work of the officers has been most satisfactory and I have but words of praise to express towards them. It may sound commonplace to say but I must repeat what I have said in former reports, few breaks have occurred and as the above report shows the property has nearly all been recovered.

The Mayor has upheld me most cordially in the execution of my duties and for this I am grateful.

Before closing my report I wish to thank Mrs. Tracy

for the valuable assistance she has rendered this department and Mr. Cronin for his valuable co-operation. I also present the thanks of the department to Judges Cornish and Brann, to the clerk, Mr. Kelley and his assistant, Miss Metcalf for their valuable aid and advice so often given us.

Respectfully submitted,

ARSENE CAILLER,

Marshal.

In Board of Mayor and Aldermen, March 18, 1912. Report read, accepted and ordered placed on file.

CHARLES P. LEMAIRE, City Clerk.

Read twice under suspension of the rules, and passed in concurrence.

WILLIAM E. CONNORS, Clerk.

REPORT OF POLICE MATRON

To the Honorable Mayor and Board of Aldermen of the City of Lewiston,

Gentlemen:—I hereby submit my fifth annual report as Police Matron of Lewiston, for the year ending February 29th, 1912.

I have reported daily at the Police Station, attended women prisoners, supplied them with clothing when necessary.

A runaway girl fourteen years of age was returned to her home in Portland, a member of her family came here and took her in charge. The girl applied for aid at the Young Women's Home, and was reported to me by the Secretary. In all cases of this kind an investigation aided by the Secretary of the Home, is made and if the girl is found to be under eighteen years of age she is returned to her own people.

A young man committed to jail for intoxication left a wife in poor health, without any means of support. After talking with the wife, she and I went to the Sheriff's office where we found out that the husband had been employed at South Paris; communicating with the employer at South Paris he paid the fine and took husband and wife back to South Paris.

My work comes in close contact with that of the Overseer of the Poor, finding employment for persons who apply for aid at the Poor department, boarding places for children and also invalids. During the past year I have made about fie hundred calls. Three children, city charges, have been placed in good homes, two being legally adopted, the other placed in a permanent home.

We have two more children which I hope to place in proper homes before my present term expires. One of these babies was taken from the City Farm. A little girl eight years of age whose both parents were dead was to be taken to the City Farm, when I found a good home for her, a girl of fifteen was placed in a good family where she is earning fair wages and allowed to go to school part of the day.

A young man for whom I made application for to the Children's Hospital received six months treatment and was greatly benefitted by it.

I have given many articles of clothing of all kinds

and I am always grateful to people who help me by giving clothing to this department. There are so many ways to use almost anything that is sent to me. I have many calls for infants' and children's clothing, the demand is always greater than the supply; therefore I would urge people to send children's clothing to this department whenever possible.

In my work among the poor the past winter, I have seen great need of a ward, or at least a few rooms at the City Farm, fitted for persons who are ill, with a nurse in attendance.

A case which attracted much attention was that of a woman who was a great sufferer from an incurable disease, her case did not come under the jurisdiction of either hospital she and her husband were occupying one room, when I was called into the case. In order to do my duty to the poor woman and not make excessive expense to the city, required a great deal of my time and considerable planning. The company for which she worked were very generous and with what assistance her relatives could give I employed a trained nurse, who was absolutely needed in this case for a few weeks.

Thus I was able to handle the case with small expense to the city, also to the relatives and had a balance left to help her relatives defray her burial expenses. This is only one of the many cases called to my attention.

There is great need for a ward or some place for those who cannot be taken at the hospitals.

In addition to the above I have also accompanied women insane patients to the Hospital at Augusta.

At Christmas time one of our mill owners gave me between forty and fifty yards of new cloth, which made very good presents to many girls and boys in need of dresses and waists. Another gave new blankets and short lengths of blankets which many a mother found very useful.

There were numerous other contributions at this time for all of which I am very, very grateful.

In closing I wish to express my most sincere thanks to all employees of the City Building who have aided me in my work.

Respectfully submitted,

CATHERINE TRACY,

Police Matron.

REPORT OF SUPERINTENDENT OF STREET LIGHT DEPARTMENT

To the Honorable Board of Mayor and Aldermen of the City of Lewiston,

Gentlemen:—I have the honor of submitting my fourth annual report for the year ending February 28, 1912.

The system has worked very satisfactorily. What few breaks we have had in the system have been found promptly. For permanent improvements during the year there has been: six miles of line wire, two hundred and fifty cross-arms, ten poles set, ninety gooseneck lights, twenty-four open arc lights, two inflaming lights, three sixty-light transformers, one new water wheel.

The following is a list of machines under my charge: Three wood arc machines, one alternating machine, one governor and oil tank complete, one water wheel, three circuit panels for wood arc machine, one panel switchboard for alternating machine, eight transformers, seventeen inflaming arc lamps, two hundred and ten open arc lamps, ninety gooseneck lamps, about forty-five miles of line wire.

Respectfulyy submitted,

CHARLES GUIMONT, Supt.

In Board of Mayor and Aldermen, March 18th, 1912. Report read, accepted and ordered placed on file.

CHARLES P. LEMAIRE, City Clerk.

Read twice under suspension of the rules, and passed in concurrence.

WILLIAM E. CONNORS, Clerk.

Treasurer's Office
March 9, 1912.

To the Honorable City Council,

Gentlemen:—I have the honor to present herewith my report as City Treasurer, for the year ending Feb. 29, 1912.

Respectfully submitted,
J. T. McGILLICUDDY,
Treasurer.

Report of Public Library Trustees

March 14th, 1912.

To the Honorable City Council of the City of Lewiston.

Gentlemen:—In accordance with our usual custom of presenting to your honorable body the account in detail of our transactions, we respectfully submit our ninth (9) annual report of the financial transactions of the Lewiston Public Library, from March 1st, 1911 to March 1st, 1912. We also present the report of the Librarian, Miss Evelyn L. Gilmore, for your careful reading and consideration.

LEWISTON PUBLIC LIBRARY

Receipts

By appropriation from the City of Lewiston	$5,000 00	
State Treasurer	500 00	
		$5,500 00

		$506 59
Total Expenditures		$5,500 00

To the Honorable Board of Trustees of the Lewiston Public Library.

MADAM PRESIDENT AND GENTLEMEN:

The ninth annual report of the Lewiston Public Library is herewith respectfully presented for your consideration, with items of the work from March 1, 1911, to March 1, 1912.

The routine of the Library has gone on as usual, with little change of method or system. The circulation, as may be seen by the tabulation at the close of the report, has increased by 1331 volumes. It is as difficult to tell why this increase should have taken place as it was last year to find the reason for the decrease, not only in the Lewiston library, but throughout the country. Many librarians attributed the falling-off to the superior attractions of moving pictures and automobile riding; but these attractions still allure, and reasons must now be sought for the greater number of readers.

CONTAGIOUS DISEASES REPORTED AT LIBRARY

It is altogether probable that, but for the delay in purchasing books, the establishment of a circulating library in the vicinity and the prevalence of contagious disease in the city, the figures would show a much larger increase, judging from the indications of the first months of the year. Perhaps it would be well to state that the library is as thoroughly safeguarded as possible from the transmission of disease in its books. Through the efforts of Dr. W. L. Haskell of this city, the legislature of Maine has decreed that information of every case of contagious disease shall be given at once to the public library of the city or town in which it occurs. The Lewiston library keeps a record of such cases, arranged according to streets and names. When the report is made to the library by the Secretary of the Board of Health, it is an easy matter for the assistants to discover if any of the sick persons have library books in their homes; and, if so, they are asked to burn both their books and cards. This procedure should prevent any danger; and the library force has been specially careful in carrying out directions, so that the risk to borrowers must be small.

Attention should be called to the improvement of the young people in their reading. Last year the percent-

age of fiction taken by the children was 80.8; this year it is 79.1. Their fiction percentage is always less than that of their elders; a fact which augurs well for the future.

Of the reference work done in the library it is difficult to give statistics, as much of it must go on without record. For one month, from November 3 to December 3, an attempt was made to keep account of the number of books consulted and given to students by the librarian and assistants. They numbered 382; and of course the volumes used by the people themselves could not enter into this reckoning. From this it will be seen that the library is doing no inconsiderable work in the line which is rightly considered the most important for such an institution, and there is reason to hope that, with its increase or useful books, it may become more and more of a factor in the lives of those who are seeking improvement.

INTER-LIBRARY SPIRIT

This purpose might be furthered to a considerable extent if the inter-library spirit could be fostered between Bates College, Auburn and Lewiston. The three libraries might complement each other easily; and mutual arrangements of this sort would surely be much to the advantage of the community. They would be gladly entered into by those most concerned, as has often been emphasized in talks upon the subject; and only the sanction of the auhorities is needed to advance the scheme.

As was done last year, notes have been taken on the topics of research in the library. They vary much in tenor, naturally; and often it is not the classic ones which call for the most time. A few of these subjects, taken at random, may give an idea of what this particular library is doing.

"Religion of Babylon", "Laborers' insurance against unemployment", "Waterways", "Old chairs", "The pyramids", "The indeterminate sentence", "Natural productions of Texas", "Compulsory arbitration in the United States", "Mohammedan rule in India", Architecture and art of Russia", "Amount spent yearly for food, shoes, milk and clothing in our country"—these are some of the themes that have been attracting the attention of our students.

The acknowliedgment of deficiency in the reference

material of the library is always made with regret by the workers, as it is a library maxim that no one should be turned away without some information on the subject for which he is looking. The acquisition of several valuable works of reference, therefore, has been grateful; and the student will doubtless find much of interest in the new "Encyclopaedia Britannica", the completed "Catholic encyclopaedia", the "Cyclopedia of education", and the "Cyclopedia of agriculture", which he may soon consult upon the library shelves. The children, too, have their encyclopedia, the "Book of knowledge", with a wealth of easy, delightful reading and with fine illustrations; they have already proved their interest in its varied pages.

The magazines and papers in the reading room are still attractive to the many readers who use them. This year two new magazines, "Popular Electricity" and the "Canadian Magazine", have been added to the list; while a remarkably fine periodical, the "Bulletin of the Pan-American Union", has been given to the library for a few months. Its valuable information on the South American republics makes it timely reading for these days of changing governments and foreign discussion.

In this connection, the "National Geographic Magazine" and the "Journal of American History" can hardly be rated too highly. Both in subject matter and illustrations they are a credit to the library which has them on file.

It is a matter of regret that readers should so frequently take the periodicals from the reading room, thereby depriving their fellows of their privileges and ruining the files of the library. This annoyance has been especially noticeable this year, causing some little expense when the magazines come to binding. On one occasion the French magazine, "Lectures pour Tous", was removed for several days; and returned finally without the magazine cover. The covers used in the reading room are expensive and durable; since this event cheaper ones have seemed preferable.

CHILDREN'S DEPARTMENT A PROBLEM

The children's department of the library is still a problem. For many reasons it has not been practicable to put the room in charge of one person; indeed, with the

present staff that would not be possible, as, during the busy hours, all the assistants are often called upon for different work. If the young people are kept quiet and interested in their books, it is all that can be done for them. They are usually good and obedient; but of course the library has ambitions for higher things.

NEED OF LECTURE ROOM

Among the needs of the institution, none is more patent than that of a room where lectures might be given, stories told to the children, club questions discussed, and where the high school and college students might prepare their topics for debate. Discussion of any sort is out of the question in our open rooms; and the stack room is not large enough to be conveniently used for such a purpose. In the lack of a more suitable place, however, young men preparing for debates or examinations have been allowed the use of a corner in the upper stack room; and this expedient has served for the time being, as the students have been most appreciative of their privileges and have enjoyed the ease of reference work in the midst of the books. This permission, of course, cannot be granted to younger scholars, who also need a place for study.

The inter-dependence of library and school is a subject which should interest all concerned. During the past year the librarian has spoken in several of the schools, urging the desirability of good reading; and she has been enabled, through the co-operation of the English instructor, to teach somewhat of the intelligent use of the catalog and the library system to a class of interested High School boys and girls, who asked for a second hour of her training. Work of this nature is especially helpful; and it cannot be begun too early in the reading life of the scholar. Librarians are always glad to make arrangements with the teachers in this line, knowing that they may thus bring the children into that personal contact with great books which must mean to them a mental uplift, at the very least.

Some explanation regarding the money taken in fines may not be out of order in the history of the library. The funds have been deposited in the Androscoggin Savings Bank; and it was originally the intention of the trustees to use them in the purchase of replacement books, which, of course, are constantly required for the shelves.

In June, by a vote of the Board, it was decided to pay over to the City Treasurer the sum of $1,500.00, leaving only $630.58 for the use of the library. Recently, from this amount, the sum of $506.59 has also been paid to the Treasurer for the replacement books which were purchased last February.

During the month of February almost four hundred new books have been accessioned, and others are being collated. Replacements to the number of 771 have been purchased and will soon be upon the shelves. The librarian has written author cards for the government documents, and, when these are typewritten and supplemented by subjects, the resources of the library will be exploited as fully as can be done.

The possession of references upon any desired topic, impossible though it seems, is naturally the ambition of every library; and its staff can only work toward that ideal in the selection and proffering of its books to the public. It is to the worker among references a greater pleasure to find what is sought than it can be to the student to make use of the material; and to impress this upon the people is one of the library missions.

In this connection it can hardly be amiss to thank the Lewiston public for their sympathetic and friendly way of using the library. The assistants have been most anxious to serve them well, and the appreciative manner in which their services have been received goes far towards compensating for the days of indoor life and petty detail which fall to the library worker.

More than once, during the last twelvemonth, has the library met with serious loss. In the death of Dr. Merton O. Edwards, which occurred last September, the Board of Trustees suffered its first break since the library was opened in 1903. Dr. Edwards had been a member of the Board only since 1909, so that he had completed little of his term of office. No one has yet been chosen to fill his place.

In August the library lost its great and good friend, Senator Frye. As all know, his suggestion was the one which induced Mr. Carnegie to make his generous gift to the city of Lewiston for the building of the library; and to his further appeal the additional gift was due, which enabled the people to finish suitably the beautiful building that is theirs to-day. The Senator's picture, presented by himself, hangs upon the wall of the delivery room;

and this, with the many useful books which he gave to the library, is a treasured memorial of a true benefactor.

CHANGES IN LIBRARY STAFF

In September the library staff was deprived of a valued and valuable assistant, Miss Eleanor Sands. Miss Sands has been identified with the library, either as substitute or assistant, for many years. While a college student she gave her leisure hours to the work, with almost every phase of which she became familiar. In September, 1908, she was appointed to a position on the staff, and upon Miss Little's resignation, she took the place of second assistant. During the year from September, 1909, to September, 1910, when Miss Tracy, the first assistant, had leave of absence, her duties were assumed by Miss Sands. She had, consequently, a practical knowledge of methods which made her resignation a distinct loss to the library.

In January, Miss Jessie Wright, who for some time had been employed in the library, decided to take up a different line of work. Miss Wright, although not a regular assistant, had been substituting, alternately with Miss Shirley White, for more than two years; and so had had time and opportunity enough to make herself conversant with all details. The library force was thus deprived of two members of experience at a busy season of the year: and this occurrence serves to emphasize the need of having trained substitutes in the city, to be called upon in like emergencies. Fortunately, Miss White was able to take up the tasks which Miss Wright had left; but, in the case of Miss Sands, some little delay took place before Miss Grace Hines was elected to her position. The fact was then brought to light that of the two cities, Auburn alone boasted young women trained for the service, while no Lewiston aspirant was able to take up the work without previous teaching. Miss Georgiana Lunt, of Auburn, was accordingly asked to assist for a few weeks, until the trustees should elect a successor to Miss Sands; and her consent to do so was a great accommodation.

Miss Hines, who came into the library in November, soon learned to be helpful in the desk; and the work is now going on smoothly. It is to be hoped that before assistance from outside is again needed, some of the Lewiston girls may be able to stand in the gap.

In conclusion, the librarian wishes to thank all who have aided her plans, either by word or deed. She emphasizes this particularly with reference to those immediately concerned in the library work, whose co-operation and interest must be a greater factor in the library life of the city. The generously expressed appreciation of the people has meant much to her; and she trusts that the library has been to them, during the past year, a source of ever increasing help and pleasure.

She wishes also to thank her friends for suggestions concerning the books of the day, and to assure them that their comments and recommendations along interesting lines of reading can never fail to be of value to a librarian.

Respectfully submitted,

EVELYN L. GILMORE,

Librarian.

Lewiston, Maine, March 5, 1912.

GENERAL LIBRARY STATISTICS

The Library Trustees' report is as follows:

In the last annual city report it was a matter of special notice that the circulation had materially decreased during the last two years. This year we find that it has increased very materially, notwithstanding the small pox scare and the starting of a circulating library carrying all the latest fiction as soon as issued, the books most in demand by the general public. We have replaced many of the worn and defaced books during the year, and added some French books, in all spending over $2,500 on books and periodicals. Our reference department has been augmented by many valuable volumes and our desire is that this department shall become an important and valuable factor in the library work. We are well equipped in our library force for any demands that the public may make in that direction. Our Librarian and the Trus-

tees are glad for any suggestions that will make the library better or more useful to the reading public.

Respectfully submitted,

IDA B. PACKARD
W. D. PENNELL
D. J. CALLAHAN

In Board of Mayor and Aldermen, March 18, 1912. Report read, accepted and ordered placed on file.

CHARLES P. LEMAIRE, CityClerk.

Read twice under suspension of the rules, and passed in concurrence.

WILLIAM E. CONNORS, Clerk.

BOARD OF PUBLIC WORKS

Lewiston, March 1, 1912.

To the Honorable Mayor and City Council,

The Board of Public Works herewith most respectfully submits its annual report for the year ending Feb. 29, 1912, also estimates for carrying on the work of the department for the ensuing year.

The following is the personel of the Board:

	Term Expires
Menander Dennett, Chairman	1912
Frank A. Morey, Mayor Ex-Officio	1912
Harry Stetson	1913
Daniel E. Murphy	1914
Joseph Voyer	1915
Cornelius E. Cronin	1916
Thomas Saucier	1917

Officers for the year ending March 1, 1912.

Superintendent, John J. Ryan.

Clerk and Time Keeper, Albert G. Foss.

The estimates for the several divisions of the department for carrying on the work of permanent improvements and the general running expenses for the ensuing year are as follows:

Highways	$40,000 00	
Sewers	5,000 00	
Permanent Walks	6,000 00	
Permanent Streets and Paving	10,000 00	
New Streets and Bridges	3,000 00	
		$64,000 00

It is the desire of the Board to continue on the line of permanent work as there has been a good start made in that direction in the past few years and especially the last year as the report of the Superintendent will show.

Respectfully submitted,

CORNELIUS E. CRONIN
FRANK A. MOREY
M. DENNETT
THOMAS SAUCIER
JOSEPH VOYER
D. E. MURPHY
HARRY STETSON.

REPORT OF SUPERINTENDENT OF PUBLIC WORKS

To the Honorable Board of Public Works.

Gentlemen:—I have the honor to herewith submit my annual report as Superintendent of this department for the year ending Feb. 29, 1912.

Following are the expenditures of the several divisions for the past year.

Highways	$35,902 93	
Sewers	3,703 73	
Permanent Walks	2,746 32	
Permanent Streets and Paving	8,210 92	
New Streets and Bridges	2,136 64	
		$52,700 54

The following are the amounts thought necessary for the work of the department for the ensuing year:

Highways	$40,000 00	
Sewers	5,000 00	
Permanent Walks	6,000 00	
Permanent Streets and Paving	10,000 00	
New Streets and Bridges	3,000 00	
		$64,000 00

SEWERS AND CATCH BASINS

794 feet of sewer has been constructed during the past year and five new catch basins built on the following streets:

100 feet of 10 inch pipe on Oak Street
200 feet of 10 inch pipe on Sabattus Street
450 feet of 10 inch pipe on Russell Street
44 feet of 10 inch pipe on Sylvan Avenue
1 new catch basin on Summer Street
2 new catch basins on Main Street
1 new catch basin on Lincoln Street
1 new catch basin on corner of Pine and Blake Sts.

PERMANENT STREETS AND PAVING

A large amount of permanent work has been done during the past year, the bituminous macadam having proved so well for the last three years it was the opinion

of the Board that it could do no better than to continue the use of the same and 10114 square yards have been laid during the year, on the following streets:

4470 square yards on Main Street (State Road)
3396 square yards on Pine Street
1555 square yards on Middle Street
693 square yards on Lisbon Street.

Park Street Alley from the Journal Building to Ash Street, has long been in a bad condition and this year the Board decided to improve the conditions in that locality and have laid 1281 square yards of tar concrete on that street, and I would recommend that this work be continued to Chestnut Street, the coming season.

NEW STREETS AND BRIDGES

Nearly all of the bridges in the City and in the rural districts have been rebuilt or repaired during the year, some 80,000 feet of lumber has been used in this work and in building driveways and boxes.

The South Bridge will have to be replanked the coming season and both bridges over the M. C. R. Ry. will have to be thoroughly overhauled.

PERMANENT WALKS

A large amount of work has been done in this division during the past year.

1435 feet of cement Walk has been laid at an average width of 9 feet on the following Streets:

214 feet on Frye Street
200 feet on Main Street
372 feet on Park Street
213 feet on Pine Street
210 feet on Lisbon Street
226 feet on Maple Street
Total 1435 feet.

BRICK WALKS

292 feet on White Street
335 feet on Cedar Street

TAR CONCRETE WALKS

520 feet, 8 feet wide on Main Street
200 feet, 7 feet wide on Middle Street
175 feet, 10 feet wide on Main Street
350 feet, 6 feet wide on Sabattus Street
50 feet, 6 feet wide on Shawmut Street
50 feet, 6 feet wide on Nichols Street
250 feet, 4 feet wide on Wakefield Street.

1595 feet.

CONCRETE CROSSINGS

10 new crossings of the same material have been laid on the following streets:

1 corner of Park and Pine Streets
1 corner of Chestnut and Lisbon Streets
1 on Pine Street
1 on Ash Street
1 on Lisbon Street (Music Hall)
1 on Lisbon and Main Streets
1 on Riverside Street
1 on Main Street (Empire Theatre)
1 on Lincoln Street
1 on Sabattus Street

There has been 1,000 feet of new curbing set and 2,200 feet of old curbing reset during the past season.

INVENTORY OF PROPERTY BELONGING TO THE DEPARTMENT OF PUBLIC WORKS,

March 1st, 1912

2 roll top desks, 5 office chairs, 1 letter press and stand, 1 Royal typewriter, 1 monkey wrench, 1 hand saw, 1 extension bit, 1 screw driver, 2 pr. horse clippers, 1 pr. shears, 2 waste baskets, 2 cr. cut saws, 1 iron vise, 1 wood vise, 1 pr. bolt cutters, 1 draw shave, 1 square, 2 bridge wrenches, 3 axes, 2 hand saws, 2 top malls, 1 mallet, 1 adze, 2 pinch bars, 2 brick hammers, 1 paving hammer, 4 spt. levels, 1 anvil, 1 grindstone, 3 waste cans, 1 Admiral furnace, 1 coal sieve and can, 18 lanterns, 2 oil tanks, 8 gal. cyl. oil, 6 gal. mch oil, 3 ice scrapers, 1 mop handle, 1 mop wringer, 14 cans metal polish, 18 pails axle grease,

5 cans cl. lime, 7 lantern globes (clear), 30 lantern globes (red), 9 El. lamps, 5 stable brooms, ½ case toilet paper, 12 lbs. white castile soap, 12 paint brushes, 1 box harness soap, 1 window brush, 3 pr. rubber boots, 1 dust pan and brush, 1 floor brush, 10 wing snow plows, 5 V snow plows, 1 Buffalo-Pitts Steam Roller and tools, 1 Clifford-Wood Co. Ice cutter, 20 horses, 11 set double harnesses, 4 single harnesses, 11 double dump carts, 4 single dump carts, 10 double dump sleds, 1 single dump sled ,3 traverse sleds, 2-2 horse street sweepers, 20 horse blankets, 14 halters, 2 stone drags, 1-2 horse snow braker, 1-4 horse snow braker, 4 snow scrapers, 1 mud scraper, 1 Climax Road machine, 1-2 horse street sprinkler, 1 iron bed and bedding, 1 harrow, 2 plows, 7 R. P. shovels, 36 snow shovels, 12 hoes, 7 grubhoes, 1 sewer pump and hose, 12 crow bars, 3 ice chisels (long), 2 ice chisels (short), 1 blks. forge and tools, 5 gal. K. oil, 5 coal shovels, 35 new snow shovels, 3 long hdl. R. P. shovels, 7 iron rakes, 16 augers, 13 street brooms, 2 sets jack saddles, 50 ft. fuse, 12-10 ft. exploders, 8 stone hammers, 1 battery, 6 mane brushes, 150 fe. garden hose, 12 cards, 25 hand drills, 75 ft. steam drills, 2 wooden clamps, 1 chain fall, 2 rope falls, 2 iron W. trees, 2 bushwhakers, 3 snatch blocks, 3 jack screws, 2 steam drills and fixtures, 2 lumber hooks, 1 lumber roll, 2 scythes and sneths, 3 stone forks, 2 paving rammers, 2 C. B. scoops, 2 sewer carts, 2 sewer cart harnesses, 4 set sled patterns, 2 hay forks, 1 stone hoe, 35 W. trees, 34 yokes, 12 spreaders, 18 feet 10 inch sewer pipe, 10 feet 8 inch sewer pipe, 3 8 inch Ys. 40 feet 18 inch sewer pipe, 8 feet 12 inch sewer pipe, 1-¼ turn 12 inch, 1-2 horse jigger, 1 ex. wagon, 1 ex. pung, 3 tool boxes, 4 bbls. No. 2 tarite, 23 bbls. No. 1 tarite, 5 bbls. asphalt, 2 tar kettles, 3 iron wheelbarrows, 2 tar dippers, 25 street horses, 1-2 horse stone roller, 1-4 horse stone roller, 10 feed bags, 9½ tons hay, 2 tons straw, 2 branding irons, 1 platform scale, 1 R. O. stove, 1 screen door, 2 set sewer rods, 5 logging chains, 1 step ladder.

The Department has lost one horse the past year and it will be necessary to purchase at least two pairs the coming year.

I would also recommend the purchase of a 20th Century Road Machine.

In concluding the record of the work done by this Department during the past year I would say that it has

been the earnest desire of the Board to give the public the best services possible and we certainly hope that we have accomplished that purpose.

In closing I wish to extend thanks to his Honor, Mayor Morey and the members of the Board of Public Works for advise and assistance cheerfully given. And to the various assistants of the Department I would also extend thanks.

Respectfully submitted,

JOHN J. RYAN,

Superintendent.

WILLIAM E. CONNORS, Clerk.

REPORT OF SUPT. OF FIRE ALARMS

For year ending February 29, 1912.

To the Honorable Board of Fire and Police Commissioners of the City of Lewiston.

Gentlemen:—I have the honor of submitting herewith my first report for the year ending February 28, 1912.

The system has worked very satisfactorily. What few breaks we have had in the system have been found very promptly, owing to the ten circuits being so much shorter and taking so much less time to go over than it did when there were but three.

The new repeater switch and protector boards have worked in a very satisfactory manner.

For permanent improvements during the year, there has been about four miles of old wire taken from the roofs of buildings and new placed on poles, making it much safer and easier to repair. This removes all of the wire we had on housetops.

There has been new break wheels and contact springs put in all the older street boxes of the system, which has added much to the reliability of the boxes.

As we all know so well that very much depends on the department getting the alarm in the quickest time after a fire starts, in order to save life and property, I shall, as usual, recommend a number of street signal boxes to be placed in the following locations: One on Upper Main Street, near Fair Grounds; one at corner of Main and Ware Streets, near Home for Aged Women; one near the Wallace School Building on Main Street; one on corner Lisbon and Chestnut Streets. I do not expect them all this year but it is good insurance and worthy of consideration. I would also recommend a tower striker to be placed on the Frye Grammar School Building.

Some parts of the police system are in very poor condition and need a general remodelling. A part of it is of very old style and badly worn. It has seen hard service and had no remodelling.

The following is a list of apparatus under my charge:

In Lewiston:—One ten circuit repeater, with the switch boards and protector board, belonging to it; signal boxes, two engine house gongs, two engine house indica-

tors, one engine house gong and indicator combined, one stop clock and register combined, three door openers, two emergency electric light switches, one small switchboard, with switches complete, 312 cells of storage battery, one tower bell striker, one 2000-lb. bell, 14 mechanical gongs, one compressed air whistle plant, three sets of private telephone instruments and about 38 miles of line wire.

In Auburn—Thirty-one signal boxes, one engine-house gong and indicator combined, one indicator and vibrating bell combined, ont tower bell striker, two door openers, ten mechanical gongs, one automatic main line cut-out and about twenty miles of line wire.

The police system consists of: a 4 circuit central office apparatus, a bell and register for the stable, 11 street signal boxes, 13 sets Bell telephones, 76 jars of battery, and about six miles of line wire.

In closing this report, I wish to thank the Board of Fire Commissioners, chief, and Board of Engineers, officers and members of the Department for their help and kindness to me in the discharge of my duties in the department.

F. E. PAGE, Act. Supt.

In Board of Mayor and Aldermen, March 18, 1912. Report read, accepted and ordered placed on file.

CHARLES P. LEMAIRE, CityClerk.

Read twice under suspension of the rules, and passed in concurrence.

WILLIAM E. CONNORS, Clerk.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT

To the Honorable Board of Fire Commissioners.

Gentlemen:—I have the honor to herewith submit my annual report of the Fire Department for the year ending February 29, 1912.

The manual force of the Department is as follows:

Permanent men.—One Chief Engineer; one Superintendent of Fire Alarms; one driver for Hose Co., No. 1.; one Lieutenant for Combination Chemical and Hose Motor Car No. 1.; one tankman, one hoseman, one chauffeur.

Call men:—Four Assistant Engineers; one Department Surgeon; two Engine men; two Stokers; forty-seven hosemen; fifteen laddermen; seven drivers; four fire police.

During the year the Department responded to 280 alarms. The following table gives their classification:

Box alarms	64
Telephone calls	200
Chief's calls	11
Still alarms	5
Total	280

The total value of property involved in fires, the amount of insurance thereon, and the losses entailed for the year ending February 29, 1912 is as follows:

Total value of property	$904,900 00
Total insurance	603,150 00
Total Losses	53,687 62

BUILDINGS

The roof of the Central Fire Station should be repaired, the apparatus rooms, bath and sleeping rooms should be painted.

The roof of the annex to the Central Fire Station should have repairs.

The floor in the apparatus room at Park St. Station should be repaired and the interior of the building painted.

The roof of the Lincoln St. Station should be repaired and the rooms should have a new ceiling.

These repairs would put he buildings in good condition.

APPARATUS

The new Combination Chemical and Hose Motor Car, received the latter part of August, was put in commission in place of the horse drawn Chemical Engine. This piece of apparatus has given very good satisfaction.

The apparatus consists of the following:

One Combination Chemical and Hose Motor Car.

Five Hose wagons.

Two Hose reels.

Five Hose pungs.

Two Steam Fire Engines, first and second size Amoskeag.

One second size Aerial Ladder Truck.

One steel frame Hook and Ladder Truck.

One double tank Chemical Engine.

One old exercising wagon.

HOSE

We have on hand at the present time 11,800 feet of cotton rubber lined hose, of this amount 1900 feet is unserviceable.

200 feet of hose was transfered to the Water Dept.

350 feet of hose was sold to George H. Curtis.

100 feet of hose was sold to Lewiston, Augusta and Waterville Street R. R.

HORSES

Five horses are owned by the Department, these are all in good condition.

During the year the pair of horses formerly used on Hose No. 1, were transfered to the Poor Department.

RECOMMENDATIONS

In order to increase the efficiency of the Department, I would make the following recommendations:

A permanent team for the use of the Chief Engineer of the Department.

A permanent team and driver for Engine No. 3, Central Fire Station, Ash St.

A permanent team and driver for Hose No. 2, Central Fire Station, Ash St.

A permanent team and driver for Ladder No. 2, Park Street Station.

A permanent team and driver for Hose No. 4 Lincoln Street Station.

The purchase of 6,000 feet of 2½ inch cotton rubber lined hose.

The purchase of a new hose wagon to replace the old reel used by Hose Co., No. 3.

Engines No. 3 and No. 4 should be touched and varnished.

Ladder Truck No. 1. should be painted.

Ladder Truck No. 2 should have rubber tires.

The installing of two sets of roll tracks for winter service, one for Hose No. 1, Central Fire Station and one for Ladder No. 2, Park Street Station.

The installing of a tower bell striker in the tower of the Grammar School Building on Horton Street.

The purchase of four new Fire alarm boxes.

A Fire Station should be located near Frye Street on Main Street, and one in the vicinity of St. Mary's General Hospital.

The increasing of Hose Co., No. 4, from five to ten men.

The purchase of two wagon pipes and one nozzle attachment for the Aerial Ladder, to convert same into a water tower.

Respectfully submitted,

M. J. MORIARTY,

Chief Engineer.

Lewiston Fire Department

In Memoriam

P. W. LEONARD

Tankman, Chemical No. 1, died at St. Mary's Hospital, April ninth, 1911

BOARD OF FIRE COMMISSIONERS

Chairman, J F. Pickering, C. J. Callahan, Harry Stetson, F. A. Morey, Mayor.

Chief Engineer—M. J. Moriarty.

First Assistant—J. J. Ryan.

Second Assistant—P. J. Cronin.

Third Assistant—J. A. Bibber.

Fourth Assistant—Nap. Bazinet.

Superintendent of Fire Alarms—Fred E. Page, Act.

Inventory of Property in Chief Engineer's office, Central Fire Station, Ash Street:

One desk, one office chair, two tables, four chairs, one waste basket, one gas radiator.

Inventory of Property in Engineer's room, Park St. Station:—One desk, five chairs, one waste basket, one set of record books.

Inventory of Central Fire Station, Ash Street:

One boiler for heating building, three tons of coal, one coal shovel, one coal hod, one slicing bar, one rake, one wheelbarrow, two bench vices, one twenty-four inch monkey wrench, one twenty-four inch stilson wrench, one draw-shave, two hand saws, one nail hammer, one pean hammer, one wood chisel, one plane, one nail puller, three screw drivers, one leather punch, one wheel jack, one screw jack, one set of hose coupling tools, one water tank, fifty lbs. of cotton waste, four step ladders, one surgical pocket case, one hot water heater for bath room, three galvanized iron pails, two sprinklers, one iron rake, ten brooms, two feather dusters, one floor brush, fifty feet ¾ inch hand hose, ½ box toilet paper, sixty-five chairs, nine cuspidors, three tables, twelve iron beds and bedding for same, one bunk of three beds and two single bunks and bedding for same, one pair of swinging harnesses, one pair shafts, four spare poles, four spare horse collars, one hose washer, one lawn mower, one dozen harness sponges, fourteen lantern globes, four gallons kerosene oil, two gallons sperm oil, seven tons of engine coal at Park Street Station, thirty-four iron shovels, six three gallon fire extinguishers, three lanterns, two single hydrant gates, four pkgs. Gold Dust, six chamois, four rubber coats, three coils harness cord, one saddle for single harness, three pairs lead ropes, ten cans axle grease.

One first class Chemical Engine, horse drawn; two

sixty gallon tanks, built by Muskegon Chemical Engine Co., Muskegon, Michigan, one pair of harness beams, one pair swinging harnesses, two ten-foot ladders, two plaster hooks, one door opener, five hundred feet chemical hose, one bar, one axe, two ¼ inch stop nozzles, two lanterns, two spanners, three ladder straps, two monkey wrenches, two S. wrenches, one tank wrench, two wheel wrenches, two cap wrenches, one stilson wrench, one oil can, one hammer, two 3-gallon fire extinguishers, one set of hub runners, one spare axle, one spare wheel.

ENGINE MEN, STOCKERS AND DRIVERS OF ENGINES No. 3 AND No. 4

J. B. Longley	Engineman	Engine No. 3
O. M. Briggs	Engineman	Engine No. 4
B. F. Gordon	Stoker	Engine No. 3
J. A. McCarthy	Stoker	Engine No. 4
Fred Nye	Driver	Engine No. 3
Oscar L. Fox	Sub. Driver	Engine No. 4

Inventory of Property of Engine No. 3, Central Fire Station, Ash Street: One second size Amoskeag Steam Fire Engine, one bar, one axe, one ice chisel, one shovel, one reflector lantern, three lanterns, one oil can, one pair horse blankets, one foot mat, one whip, two hydrant wrenches, one monkey wrench, one set of engine wrenches, one hammer, one mallet, twenty-four feet of flexible suction hose, one pair pole straps, one pair swinging harnesses, two harness beams, one hot water heater for heating engine.

Inventory of Property of Engine No. 4, Central Fire Station, Ash Street: One first size Amoskeag Steam Fire Engine, one axe, one bar, one shovel, one ice chisel, one mallet, one monkey wrench, one hydrant wrench, two hammers, one foot mat, one whip, one pair horse blankets, one oil can, one set of engine wrenches, one pair lead bars, two play pipes, thirty feet of stiff suction hose, ten feet flexible suction hose, two lanterns, one pair pole straps, ropes, wooden horses and runs, for loading engines on flat cars for out of town calls, two heavy nail hammers, two iron bars.

Water Commissioners.

In Board of Water Commissioners, March 8, 1912.
Read, accepted and sent forward.

W. HERBERT McCANN, Clerk.

WATER WORKS AUDITOR'S REPORT

To the Honorable Board of Water Commissioners of Lewiston, Me.

This is to certify that I have examined the books and accounts of W. Herbert McCann, Clerk of the Lewiston Water Works Commission, and find them to be correct. Cash Book footings are correctly made. All Cash Book and Journal entries are properly posted in Ledger and individual amounts entered as received on Cash Book agree with respective amounts charged on Service accounts

Abatements are properly entered and vouched for by the committee on abatements. Amounts turned over to the City Treasurer correspond with vouchers therefor.

Respectfully,

Wm. J. HIBBERT, Auditor.

WATER WORKS INSPECTOR'S REPORT

To the Honorable Board of Water Commissioners for the City of Lewiston.

Gentlemen:—Herewith I have the honor to present the second annual report of the Water Works Inspector for the fiscal year ending February 29, 1912.

Owing to the house to house inspection made by me during the year 1910-1911, I have found a great improvement in the care of fixtures, etc. this year.

My work during this year has been of a varied nature, a brief summary of which follows:

House and Tenement Inspection	1165
Leaks discovered and clerk notified of same	391
Seals removed from Sillcocks	32
Seals placed on Sillcocks	13
Read and assisted in reading meters	973
Meters repaired	58

Have visited all vacant tenements when such tenements were reported to the office, in order that proper abatements could be allowed.

At this time I wish to extend my thanks to the President, Superintendent, Clerk and members of the Water Board.

Respectfully submitted,

M. F. DACEY, Inspector.

Report of the Superintendent of Water Works

To the Honorable Board of Water Commissioners for the City of Lewiston.

Gentlemen:—I have the honor to present the thirty-second annual report of the Superintendent, showing the general condition of the works for the fiscal year ending February 29, 1912.

In making our thirty-second annual report we find we have had a very successful year from a financial standing point. Our receipts show an increase of $9,421.68 and our running expenses $22,056.63, which is $2,000 more than the previous year, yet I do not feel that our service is crippled in anyway.

CONSTRUCTION

There was a new construction added to the amount of $3,552. This covers various items.

The main pipe has been extended on Lisbon Road from W. E. Cloutier's homestead 1,500 feet to the Jones Farm with 2 hydrants at a cost of $1,690.93; on Montello Street from East Ave. 1,000 feet of 2 inch to the Jinkins Farm at a cost of $537; on Riverside Street 300 feet of 6 inch to connect with Cottage Street at a cost of $350; on Birch Street 275 feet of 6 inch and a hydrant to connect with Pierce Street at a cost of $350; 12 hydrants at a cost of $514.17.

RELAYS

Have taken up 12 feet of 4 inch pipe on Horton Street and relayed in with 6 inch pipe and 2 hydrants at a cost of $1,440; on Howe Street have relayed 385 feet of 4 inch with 6 inch and hydrant at a cost of $340. This with the repairs at the Reservoir at a cost of $427.28; repairing Pumping Station roof at a cost of $118.96 and repairs of Storehouse at a cost of $115.04; the relaying of 170 old services, 84 of which were under permanent streets, 56 new services, the purchasing of 4000 feet of leadlined pipe at a cost of $1,200, 4000 feet of galvanized pipe at a cost of $400; $500 worth of meters, 12 hydrants at a cost of $514.17; $105 for Buckeye Heater; $45 for

a gasoline furnace with the monthly payroll, salary of Superintendent, clerk, inspector, engineers at Pumping Station and all supplies used, make the running expenses for the year $2,205.63 as you will see by the report of the Auditor.

Have layed 4326 feet of 1 inch leadlined service pipe; 150 feet of 1½ inch leadlined service pipe; 45 feet 2 inch leadlined service pipe; 4021 feet of 1 inch galvanized service pipe; 183 feet of 2 inch galvanized service pipe; 21 feet 1½ inch galvanized service pipe; 1200 feet 6 inch pipe was used on Horton Street to replace 4 inch pipe taken up. Main pipe has been extended this year 3075 feet of 6 inch; 1000 feet of 2 inch. Total number of miles of Main pipe, entire system, 46.0179.

WHEELS

The water wheels have all been overhauled. They are in good condition excepting the Dean, which will have to have a new auxiliary step, this season.

PIPE LINE

The 20 inch main pipe gave out on Cedar Street, where is crosses the Canal, repaired it with a 20 inch Kellogg Sleeve. January 22nd a lead joint blew out of the 20 inch main on the corner of Main and Lincoln Street.

Have replaced 17 main gate boxes, 10 lead connection, 11 service boxes; 8 services have been shut off the coperation in the Main; Have set 12 new hydrants, making 209 hydrants in the service. Have gated 9 hydrants, reseated 4, raised 9 to conform with the grade of street.

PUMPS

Have put new cogs in 2 of the Worthington pump gears, and the others will have to have new cogs this season.

RESERVOIR

The break at the gate-house at the Reservoir has been repaired. There should be a new floor at the gate-house this season.

METERS

There are 247 meters in use, 9 have been added this year, 46 have been changed by order of the clerk, 12 have been removed from the service, 8 of these were in the Bates Mill.

Tables are annexed to this report as usual, which may be examined for more itemized returns.

RECOMMENDATIONS

The past few years, there has been some talk by the members of the Board, in regard to a new pump. Nothing definitely has been done as yet. If the City is going to grow and increase, as some think, and we all hope that it will, there ought to be something done at the earliest possible time. Either a new pump or the changing over of the old Worthington, which can be done and will increase the efficiency at least one quarter and at less than one half what a new pump would cost. I should recommend the changing over of the old Worthington gears into a single gear or what is known as the Rolling Mill Pattern, which will save the repairs alone at least $600 a year, as well as their increase in efficiency.

LOCATION OF EXTENSIONS

	Pipe	Feet
On Lisbon Road, from W. E. Cloutier's to the Jones Road	6 inch	1500
Montello Street to Jenkins Farm	2 inch	1000
Riverside Street, from Main Street	6 inch	300
Birch Street, from Blake to Pierce	6 inch	300

RELAYS

On Horton Street from Pine to Birch Street the old 4 inch pipe was taken up and relayed with	6 inch	1200
On Howe Street, beyond Walnut, the old 4 inch pipe was taken up and relayed with	6 inch	385

FIRE SERVICE

The Dominican School, corner of Bates and Birch Streets	4 inch	60

LOCATION OF NEW HYDRANTS

Corner of Main and Riverside Streets
On Pine Street at T. N. Gagné's
On Pine Street, corner of Jefferson Street
On Pine Street, near Dionne's
On Horton Street, between Pine Street and Walnut
On Horton Street, between Walnut and Birch Streets
On Birch Street, between Blake and Pierce Streets

On Howe Street, lower end
On Cedar, at Cloutier's Wood Yard
On Lisbon Street, at the Electric Power House
On Lisbon Road, near A. J. Perron's
On Lisbon Road, near Clark Farm.

With thanks to the President and Clerk of the Water Board, and to the members, this report is respectfully submitted.

JOSIAH B. LONGLEY,
Superintendent.

For daily use of 2500 to 3000 gals. per annum,	95 00
For daily use of 3000 to 4000 gals. per annum,	120 00
For daily use of 4000 to 5000 gals. per annum,	141 50
For daily use of 5000 to 7000 gals. per annum,	154 50
For daily use of 7000 to 10000 gals. per annum,	175 00
For daily use of 10000 to 15000 gals. per annum,	210 50
For daily use of 15000 to 20000 gals. per annum,	262 00
For daily use of 20000 gals. and upwards 3½ cts per 1000 gals.	

Special and unusual supplies rated on application.

PLUMBING

Be it ordained by the City Council of the City of Lewiston as follows:

Section 1. No plumbing shall hereafter be done on any pipes or fixtures for the use of water from the City Water Works, unless by a plumber licensed by the Board of Water Commissioners of said City. Said Board of Commissioners are authorized to grant and revoke licenses.

Sec. 2. Every Plumber who shall set up any pipes of fixtures for the use of water from said City Water Works, or shall make repairs upon, additions to, or alterations of any pipes or fixtures set up previously thereto, shall within eight days after the same shall be completed, fill up and return to the Superintendent a report describing all fixtures, both old and new, for the use of water on the premises.

Sec. 3. For any misrepresentation or omission in the report of the work done, said plumber shall be liable to suspension or to have his license revoked by said board, and to pay a fine of not less than five or more than twenty-five dollars to be recovered in an action of debt, in the name of the Water Commissioners or City Treasurer before the Municipal Court of said City.

Sec. 4. Water from the Lewiston Water Works will be supplied hereafter only to pipes and fixtures that have been set up and completed and examined and tested by a plumber licensed by the Water Commissioners, and which have been fully enumerated and described in a report made by said plumber to the Superintendent, and approved by him or his Inspector.

Sec. 5. If any plumber or person not duly licensed, shall set up any pipes or fixtures for the use of water from the Lewiston Water Works, or make any repairs upon, additions to, or alterations of any pipes or fixtures previously thereto set up, he shall forfeit and pay a sum of not less than five, nor more than twenty-five dollars, to be recovered by complaint, or in action of debt in the name of the Water Commissioners or the City Treasurer, before the Municipal Court of said City.

Finally passed and approved by City Council March 15, 1881, and March 22, 1893.

SPECIAL RULES AND REGULATIONS

In all cases where the water is turned off at the request of the owner, or agent of the property, a charge of fifty cents shall be made, which amount must be paid before the water is turned on.

No discount will be made for vacant tenements or premises unless notice is given at the time of vacancy and the water shut off. In case two or more takers are supplied by the same service pipe seals will be attached to the fixtures not in use.

No charge will be made for water for extra persons above the limited number in family rates, in one and the same family—but in Boarding Houses and consolidated families, extra will be charged to the amount of fifty cents to each person above this limit of seven (7) persons.

No water-motor shall be attached to any of the water pipes, without permission of the Water Board, and the Superintendent is authorized and instructed to shut off the water at once on premises where any violation of this rule occurs.

No person or persons using city water for motive power, shall sub-let to other parties.

No abatement shall be allowed on vacant tenements unless the tenements have been vacant two months or more. The vacancies for a less time of several tenements in the same building, owned by the same person, are not to be added together to make the requisite time (two months or more) for abatement.

All persons using meters are holden responsible for all damage to said meters occasioned by neglect, misuse, or freezing, and the Superintendent will cause printed slips to be placed upon all meters to this effect.

When bills are due and not paid within the limited time, the water shall be turned off for non-payment, unless the bills are under consideration by the Committee on Rates and Abatements.

NEW SERVICES

Pipe bills and water bills must be paid before the water is let on.

Sec. 9 The following regulations shall be considered a part of the contract with every person who takes the water, and every such person, by taking the water shall be considered to express his assent to be bound

thereby. They shall be printed upon every bill for water rent, and whenever any one of them is violated, the water shall be cut off from the building, or place of such violation, although two or more parties may receive water through the same pipe, and shall not be let on again, except by order of the Water Board, and on payment of two dollars; and in case of such violation the said Board shall have the right to declare any payment made for the water by the person committing such violation, to be forfeited, and the same shall thereupon be forfeited.

REGULATIONS

First. All persons taking water shall keep the service pipes within their premises, including any area beneath the sidewalk, in good repair and protected from frost at their own expense; and they shall be held liable for all damages which may result from their failure to do so.

Second. They shall prevent all unnecessary waste of water, and there shall be no concealment for the purpose for which it is used.

Third. No alterations shall be made in any of the pipes or fixtures inserted by the city, except by its agent, who is to be allowed to enter the premises supplied, to examine the apparatus, and to ascertain whether there is any unnecessary waste.

Fourth. No water is allowed to be supplied to parties not entitled to the use of it under the city ordinances, unless by special permission.

Fifth. The Clerk and Superintendent with the necessary agents and assistants, may enter the premises of any water taker to examine the quantity used and the manner of use, and to cut off the water for non-payment of rents or fines, or any violation of the foregoing rules.

Sec. 10. The occupants of any premises, when any unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense and four dollars for the second offense during the same year, and shall be notified thereof in writing, and if such waste shall not be prevented and the fine aforesaid paid within two days from the time when said notice was given, the water shall be cut off from said premises, and shall not be again let on until the waste be stopped and a fine paid, together with the additional sum of two dollars for cutting off and letting on the water; and in case of a third or subse-

quent offense, the water shall be cut off, and shall not again be let on, except by a vote of the Board and the payment of such fine, not exceeding ten dollars, as the Board may impose.

Sec. 11. The commissioners shall have power to establish such regulations as they may deem expedient for the introduction and use of water; and the water shall not be supplied to any building unless the pipes and fixtures shall be made conformable to said regulations.

Sec. 12. The water rates shall be fixed by the Commissioners, subject to the approval of the City Council.

Sec. 13. Any person considering his water rates excessive, may apply to said Board for a meter, to be set at his expense, and the amount of his rent may be determined thereby; and said Board may cause a meter to be attached to any premises where they have reason to believe that an unnecessary or fraudulent use of water is being made, and may assess rates upon such premises thereby.

Sec. 14. All water rates, except for building purposes, meter rates, lawn and street sprinklers, shall be due and payable at the office of said Board, quarterly, in advance on the first day of January, April, July and October. Meter rates will be due and payable at the same place on the first day of the succeeding quarter; and the rates for garden, lawn, and street sprinklers will be due and payable in advance, at the said office on the first day of April and July of each year.

The City Ordinance, as adopted July 1, 1889, read under Sec. 10, Plumbing Laws, XII:

"Water-closets supplied with water otherwise than from a tank with flush pipe of at least 1¼-inch shall only be used with special permission of the Board of Health."

LOCATION OF HYDRANTS

Section 16. Any person who shall injure any public pipe or reservoir connected with the Lewiston Water Works, or who shall break and enter the same, or draw off, or cause to be removed any water therefrom, or shall turn off or on the water in any such water pipe or reservoir, or shall make any opening or connection with such pipe or reservoir or removed the cover of any hydrant, except in case of fire, without the license or permit of the Water Commissioners, or by authority of the Mayor and Aldermen, or Chief Engineer of the Fire Department,

shall forfeit and pay for each offense not less than three nor more than twenty dollars.

W. HERBERT McCANN, Clerk.

Financial Report of School Department

To the Honorable Mayor and City Council:

Gentlemen: The School Board, agreeably to duty prescribed, present the following report of receipts and expenditures for the fiscal year ending February 29, 1912, and recommendations for the coming year.

GENERAL SCHOOL DEPARTMENT

Receipts:

Common School Fund	$27,656 88	
School and Mill Fund	31,629 81	
Appropriation, Schools	3,500 00	
Free High School	1,000 00	
Superintendent's Salary	800 00	
Manual Training	742 47	
Tuition	449 45	
Mdse. sold from office	67 86	
Old books	27 80	
Old iron	8 22	
Duplicate bill, Wakefield Bros.	50	
		$65,882 99

Expenditures:

Salaries of teachers	$48,338 91	
Salary of Supt. of Schools	2,000 00	
Salary of Truant Officer	500 00	
Salaries of City Janitors	3,335 81	
Salaries of Rural Janitors	394 67	
Books	1,041 39	
Supplies	1,448 10	
Fuel	3,335 20	
Printing	703 23	
Census	247 76	
Transportation of pupils	155 00	
Transportation of teachers	762 90	
Tuition	100 00	
Unclassified	1,305 97	
Transfer to Board of Health	1,518 49	
Transfer to Discount on taxes	494 65	
Transfer to City Park	61 56	
Transfer to Printing	139 35	
		$65,882 99

SCHOOL HOUSE REPAIRS

Receipts:

Appropriation	$2,000 00	
Transfer from Books and Stationery	6 36	
		$2,006 36
Expenditures:	$2,006 36	
		$2,006 36

MANUAL TRAINING DEPARTMENT

Receipts:

Appropriation	$1,200 00	
		$1,200 00
Expenditures:	$972 18	
Transfer to City Park	104 68	
Transfer to City Building	123 14	
		$1,200 00

SCHOOL HOUSE EXTENSION

Expenditures	$969 48

We respectfully recommend that the following amounts are necessary for maintenance of the several departments, to wit: General School Appropriation $64,-800.00; School house Repairs, $2,500.00; Manual Training School, $1,250.00.

In view of the necessary and fixed charges for each department these sums seem the least possible amounts consistent with efficient administration of the schools.

M. C. McDONOUGH
HARRY S. COOMBS
R. D. TACKABERRY
Committee on Finances.

In School Board, April 1, 1912.

The above report and recommendations were read, adopted, and ordered sent to the City Council.

Attest: D. J. CALLAHAN,
Secretary School Board.

AUDITOR'S REPORT

To the Honorable City Council of the City of Lewiston.

Gentlemen:—I herewith present a detailed report of the receipts and expenditures, together with the appropriations for the year ending Feb. 29, 1912, a schedule of City Property, and a statement of the resources and liabilities of the City.

I have audited the accounts of the Tax Collector and City Liquor Agent, and have credited all amounts paid into the Treasury.

Respectfully submitted,
M. DENNETT,
Auditor of Accounts.
